Personal Statement

I am a hardworking and dedicated computer science graduate. I am looking for the opportunity of a graduate job in the IT industry. I would like to begin my career as a software developer or software engineer to gain as much experience in a broad sector of the industry before deciding what area I would like to specialise in. My greatest strengths are my abilities as a strong programmer, with a great judgement for design and creative ideas. Aside from my technical abilities, I take pride in the fact that I am a good communicator, dependable and able to work on my own initiative.

Academic Qualifications

2015-2018	University of Kent, Canterbury BSc Computer Science (Hons)
Achieved grade:	Lower Second-Class Honours
Notable modules:	Further Object-Oriented Programming – 90% People and Computing – 79% Internet of Things – 78% Computational Creativity – 78% Introduction into Object-Oriented Programming – 77% Databases and the Web – 75% Web Development – 65% Functional and Concurrent Programming – 65% Database Systems – 64% New Business Enterprise – 63%

Skills

Technical Skills

Programming languages: Java, C++, PHP, Erlang, HTML, CSS, JavaScript, jQuery, AJAXs, XML, MVC and Unix.

Applications: CodeIgniter, Microsoft Office, Final Cut Pro, Adobe Photoshop, Adobe Lightroom and Blender.

Databases: MySQL and PostgreSQL.

General Skills

Leadership, organisation, project management, motivated, fast learning, social, team-work, entrepreneurial, problem solving, communication creativity and logical thinking.

Career History

Summer 2016&17

Labourer – Private

There was a lot of problem-solving involved in this job as we had to be very compliant with the building plans. Some plans were straightforward whereas others were much more complex, which proved to be a challenge.

Jul 2015-Aug 2015

Window Fitter - Anglian Windows

Due to the intense deadlines needing to be achieved in a short period of time, I learnt how to work efficiently and effectively to achieve our deadlines.

Mar 2015 –Jul 2015

Front and Back of House - Ship Inn

The main skill I learnt in this job was how to think and work adequately under the pressure of a stressful environment. My training for this job covered health and safety, food safety, customer satisfaction and many more topics.

Sept 2014 – Jun 2015

Voluntary Teaching Assistant – Meopham School

It was my responsibility to take the whole class for the warm-up and give support to the children throughout the lesson. In this job, I learnt how to use my incentive to achieve the best results.

Interests and Hobbies

- Mountaineering
 - Photography
 - Rock climbing
 - Filmmaking
 - Working out
 - Cycling
 - Basketball
 - Cooking
 - Reading
